

"I Can Pack Away
My Toys"

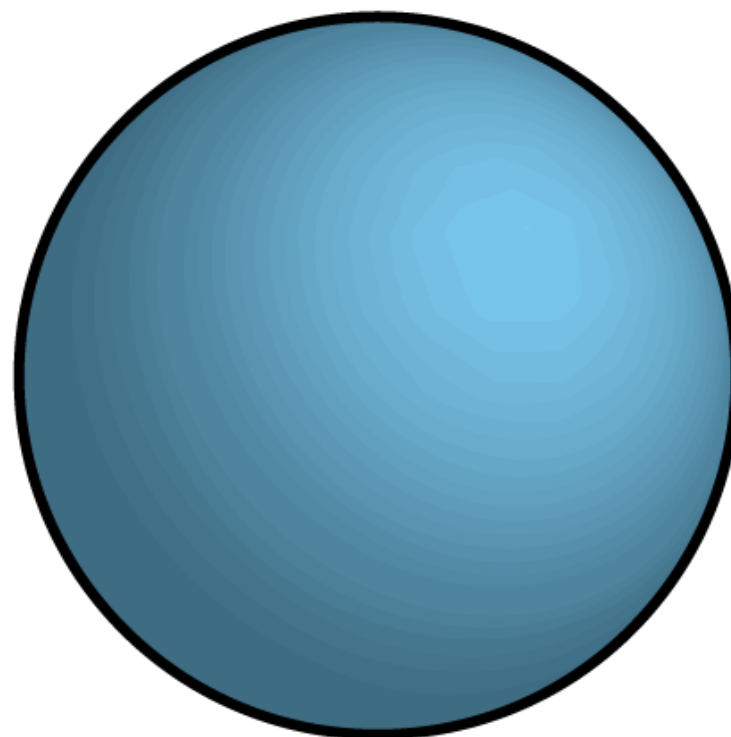

There are many things I
like to do.

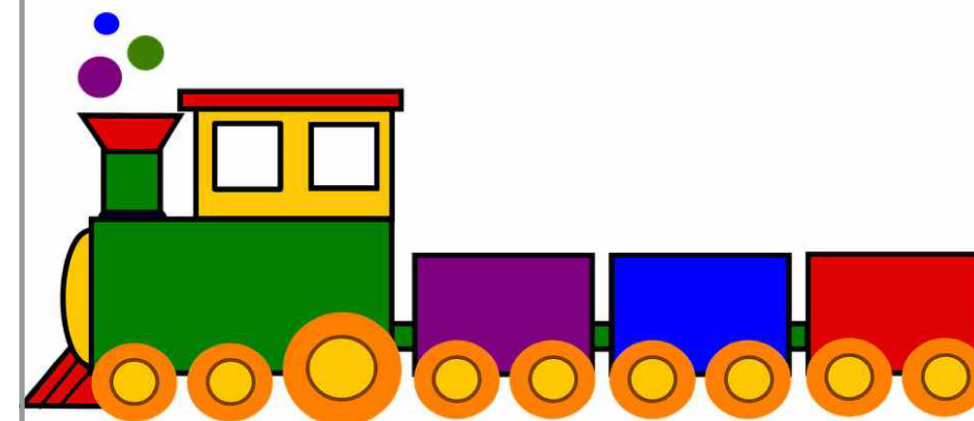

One thing I like to do is
to play with my toys.

I play with cars.

I play with the ball.

I play with trains.

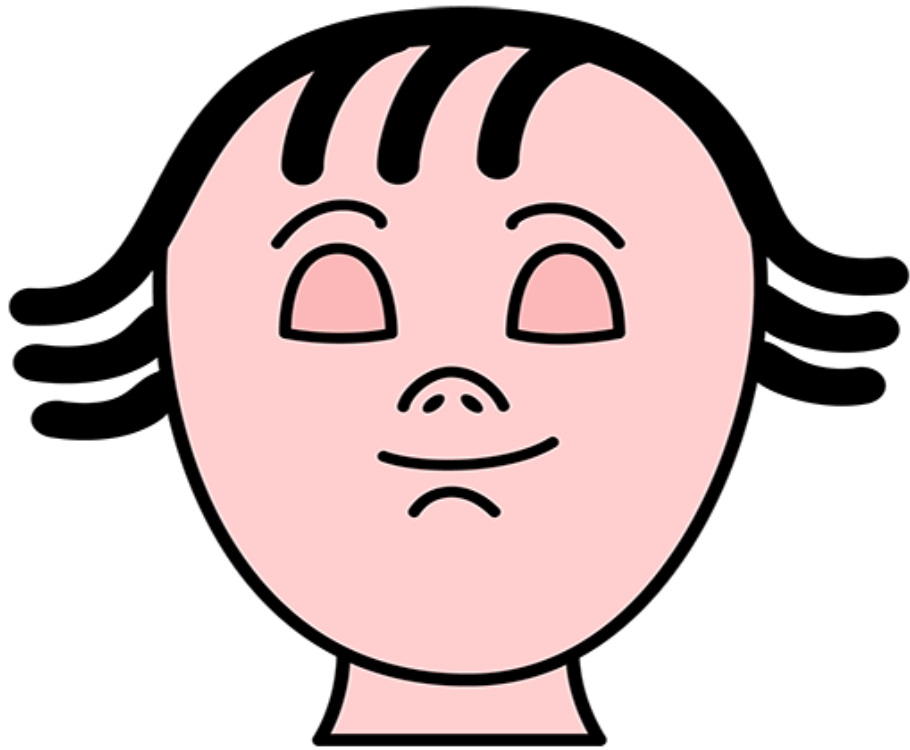

I pack them away so I can use them again next time.

If I don't pack my toys away, they can get damaged.

When I have finished playing with my toys I can pack them away.

I feel good when things are put away.

This resource was created using the Visuals2Go App, which is currently available to download for FREE on the iPhone or iPad. It can be edited using the Visuals2Go App.

Visuals2Go is all about the use of Visuals for those with learning and communication difficulties. It is an App that allows users to use it as a communication device or the creation and printing of hands-on visual cards.
